

Chinwuba Israel Chukwudi

Software Engineer

SUMMARY

Creative, detail-oriented, software engineer with a deep interest in AI. Proven track record of creating and implementing successful front and back-end web applications. Looking to bring my skills to a tech company with global reach.

WORK EXPERIENCE

Software Engineer at 100devs, Los Angeles, CA

January 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

Recent Projects:

Scheduler (Full Stack Web App):

- Collaborated with a team of six developers to build a scheduler web app utilizing the MVC architecture in Node Js.
- Utilized Node Express Js and Passport Js to authorize only logged-in users to access their personal datas saved in MongoDB.

Football Highlights and statistics website (REST API):

- Designed and built a responsive web app to display data gotten from an ap
- Utilized data fetched from ScoreBat api to display football highlights.
- Applied knowledge of DOM manipulation to display different leagues depending on which button was clicked.

Rappers API (Node JS):

- Built a simple API that returns basic informations about a rapper when an API call is made to the server with the rapper's name passed in as a parameter.

Tesla Website Clone (React Js):

- A fully responsive and interactive web app built with React Js and React-styled componenets.
- Developed front-end skeleton using modular, reusable React components.

JClassic E-Store (Full Stack Web App):

- Architected a front-end service of a ratings and review system to allow users post reviews, view average ratings, search by keywords, and sort by rating.
- Tracked user interactions throughout the application with React higher-order components to reuse component logic.

100 Hours Project (Full Stack Web App):

- Currently building a Web App that gives car users a do-it-yourself tips to fix minor issues with their cars..
